

Waukee Fastpitch Announces Jayme Scheck as 14U Select Head Coach | Fall 2026

Waukee Fastpitch is excited to announce Jayme Scheck as the 14U Select Head Coach for the Fall 2026 season.

Jayme brings a strong background as both a collegiate pitcher and an experienced youth and high school coach, with a passion for player development and competitive softball. She was a five-year letterwinner at Cedar Rapids Kennedy High School, helping lead the Cougars to four state tournament appearances, including the 2020 Iowa Class 5A State Championship. During her prep career, Jayme earned Mississippi Valley Conference Player of the Year honors and was a four-time All-State and All-MVC selection.

On the club level, Jayme competed with Iowa Premier Fast-Pitch, gaining experience against high-level competition while continuing to develop her skills as a pitcher.

She is currently completing her final season at Drake University, where she has pitched for five seasons at the Division I level. Alongside her collegiate career, Jayme has also coached during the summers with Cedar Rapids Kennedy's JV and varsity programs, working closely with student-athletes to support their growth and development.

In addition, Jayme provides private pitching instruction, focusing on fundamentals, confidence, and game strategy. She is committed to helping athletes grow not only as softball players, but also as confident, well-rounded individuals.

Jayme is excited to bring her knowledge, energy, and competitive experience to Waukee Fastpitch and looks forward to working with athletes in the 14U Select program this fall.
